NOTE: SkyAir systems are not included in the table above.

Single and Multi-Zone ZONE SOLUTIONS

Single Zone

Daikin single and multi-zone systems offer dealers:

- » High-quality, energy-efficient comfort solutions
- » Opportunities to spend less time on installations and more time with new customers
- » Differentiated product offerings that deliver improved customer satisfaction
- » Outstanding limited warranties**

Multi-Zone

Heat or cool multiple spaces independently with 1 outdoor unit:

- » Great installation flexibility and a wide choice of styles.
- » Wide range of outdoor units, to which up to 5 indoor units can be connected.
- » All indoor units can be individually controlled.
- » The discrete, robust outdoor unit can easily be mounted onto a roof or terrace, or simply to the outside wall.
- » It is possible to combine different types of indoor units.
- » Outstanding limited warranties**

Whole Home

Comprehensive comfort throughout the entire home from a single integrated solution:

- » Consistent temperatures and comfort across all living spaces
- » Flexible indoor unit options to support a wide range of home layouts
- » Quiet operation for indoor and outdoor comfort
- » Energy-efficient performance designed to support cost and energy savings goals
- » Ideal solution for new construction, renovations, and whole-home replacements
- » Outstanding limited warranties**

New Buildings & Renovations

Solutions

** Complete warranty details available from your local distributor or manufacturer's representative or at www.daikincomfort.com

Control for Comfort with *SkyportHome*

Smart Wi-Fi Enabled Single and Multi-Zone Systems*

Built-in Wi-Fi connectivity eliminates the need for infrared remotes and replaces traditional thermostats — delivering a streamlined, modern control experience.

Powerful App at Your Fingertips

- » Monitor room temperature, On/Off and Mode
- » Adjust set-points
- » Switch operating modes
- » Create custom schedules
- » View error code
- » °C and °F (based on regional setting)
- » French / English / Spanish language support

Daikin *ONE+* smart thermostat

Daikin *ONE* touch smart thermostat

Daikin *ONE* Lite smart thermostat

Many Daikin products are compatible with the Daikin *ONE+*, *ONE* Touch, or *ONE* Lite smart thermostats. For homeowners that seek ultimate home comfort, the Daikin *ONE* smart thermostats are an integrated solution for controlling temperature, humidity, and air quality. Learn more at daikincomfort.com

WARNINGS:

- » Always use a licensed installer or contractor to install this product. Do not try to install the product yourself. Improper installation can result in water or refrigerant leakage, electrical shock, fire, or explosion.
- » Use only those parts and accessories supplied or specified by Daikin. Ask a licensed contractor to install those parts and accessories. Use of unauthorized parts and accessories or improper installation of parts and accessories can result in water or refrigerant leakage, electrical shock, fire, or explosion.
- » Read the Product Manual carefully before using this product. The Product Manuals provide important safety instructions and warnings. Be sure to follow these instructions and warnings.
- » For any inquiries, contact your local Daikin sales office.

ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

Our continuing commitment to quality products may mean a change in specifications without notice.
